

# Personal Flag Icebreaker

For Clergy Wife Virtual Group  
October 21<sup>st</sup>, 2019

## I. Activity Summary

The goal of this activity is to use symbols, drawings/stickers, and short phrases to make a “personal flag” which will convey a bit about ourselves. We will share them on our first Video Conference Call to help us get to know one another a bit.

Don't worry if you're not really fond of crafty projects. This should be a low stress activity. If you have little ones at home with you, let them help you make your flags. Please take as much or little time on this as you wish – just enough to convey some of the info listed below.

Have fun!

## II. Procedure

1. Get a blank piece of printer or construction paper.
2. On the paper, draw or color symbols, use stickers, cut out pictures from magazines, etc., to symbolize the following categories:

*(1) Your First Name*

*(2) Your Family*

*(3) Your state of residence (doesn't have to be the official symbol for your state, but something you want to convey about it)*

*(4) Ethnic/Cultural Heritage*

*(4) Your favorite Saint*

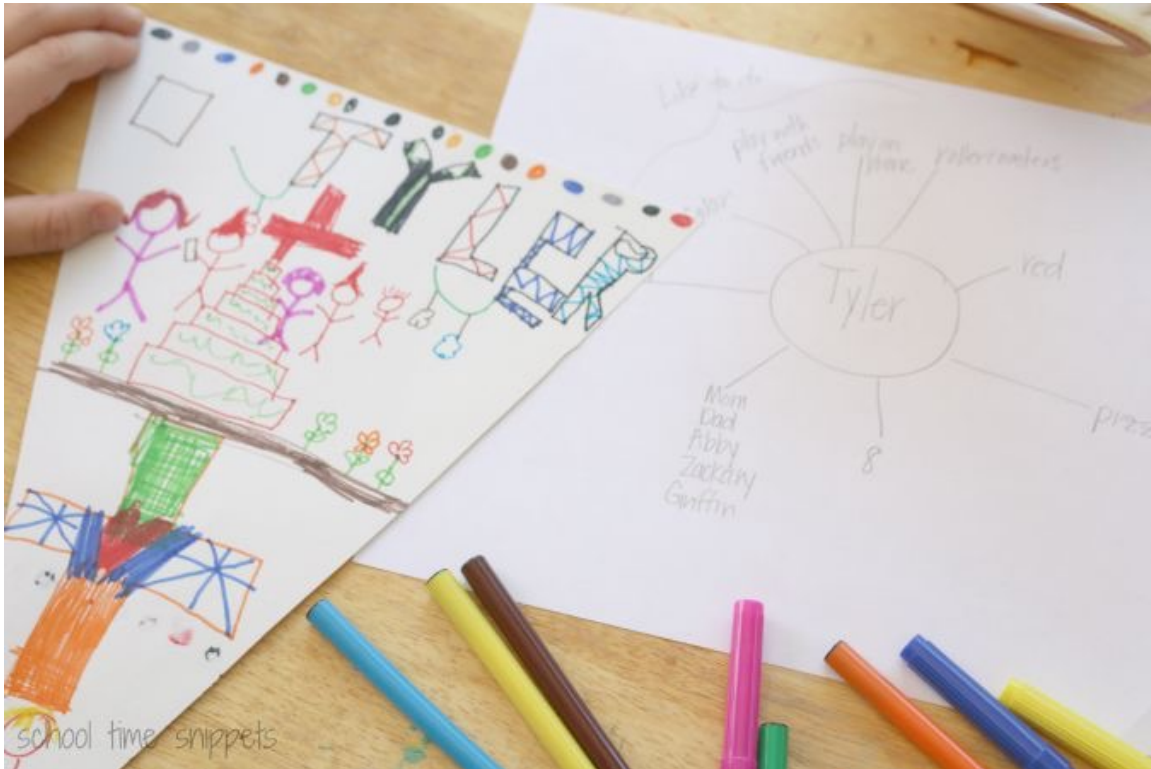

*(5) Your favorite scripture passage*

*(6) A favorite pastime/hobby*

*(7) A symbol representing your personality*

3. Have it with you to share with the group on Monday evening!

Here is an example of a child's personal flag...

Love in Christ, Melanie
